**Re: Docket No: 97N-484S**

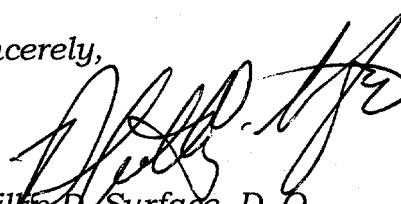

*Dear Sirs:*

*I am writing regarding the above referenced docket and **offering** my comments regarding this docket.*

*I am opposed to the proposed rule change regarding **allograft** bone products. I think that this FDA regulatory action will result in curtail supply of bone products on which I rely for the treatment of patients routinely.*

*Please do not hesitate to have a representative to call me to personally discuss this issue should you be interested.*

Sincerely,

Phillip D. Surface, D. O.
